**Roaming Networks** is one of the leading system integration companies in the ICT field in the Balkan region. We provide professional consulting, design, implementation, integration and maintenance services in the fields of radio and microwave access networks, passive optical networks, transport and access systems, IT infrastructure and data centers, security solutions and IP networks and infrastructure. In recent years we have built a strong presence in the markets of Serbia, Montenegro, Bosnia and Herzegovina, Austria and Germany. As our business has grown, so has our team and today we number more than 450 employees. Our revenues have increased more than tenfold over the past three years. We have partnership with 15 global firms. By steadily developing and growing we strive to expand into new markets in Europe and USA.
